About Yole Développement

Yole Développement (20 market analysts) is a market research and strategy consulting company, world leader in the analysis of MEMS markets.

Yole Développement offers a range of different services for companies and investors involved in the MEMS markets:

- Market research and marketing analysis
- M&A support and due diligence
- Assessment/re-building of business plan
- Assessment of market/technology strategies

- Comparison of a specific industrial in-frastructure to the market leaders
- Cost analysis and cost comparisons of process and products
- Definition and implementation of exit or acquisition strategies

Yole Développement takes into account the complete value chain in its analysis, including materials and capital equipment, device manufacturers and device users.
